

Technical Information

Delkor calcium batteries are engineered to support the electrical demands of today's vehicles, providing reliable starting power in the most demanding climate conditions.

The Delkor 590195 is a DIN LN5 case size, maintenance free battery designed for automotive cranking applications. This premium quality battery benefits from PowerFrame® grid technology which delivers improved durability and performance over the life of the battery.

Features & Benefits

- Patented PowerFrame® grids extend life
- OE proven technology
- Unique high density active material
- High tin content resists corrosion
- Low self-discharge
- Low resistance envelope separators

Applications
