

### Technical Information

The RM120WSB is a 120 Watt Monocrystalline Folding Solar Blanket. When connected to a suitably specified solar charge controller it can be used to charge batteries and power devices when camping, fishing or any other outdoor activity.

When not in use, the solar blanket easily folds up with the panels facing inwards so they are protected from damage.

Note: The REDMAX RM120WSB solar blanket does not include a charge controller. We recommend using the REDMAX RM10ASC charge controller.

### Features & Benefits

- Compact folding design for easy storage
- High quality monocrystalline solar cells
- Self standing built in feet
- MC4 Connection points
- 5m extension cable

### Applications

Off Road & 4x4

Boating & Camping

Rural & Off Grid

### Technical Specifications

<b>Rated Max. Power (<math>P_{max}</math>)</b>	120W	<b>Max Series Fuse Rating</b>	10A
<b>Tolerance</b>	±3%	<b>Operating Temperature</b>	-40°C to +85
<b>Voltage at <math>P_{max}</math> (<math>V_{mp}</math>)</b>	16.32V	<b>Folded Dimensions (L x W x H)</b>	590 x 615 x 20mm
<b>Current at <math>P_{max}</math> (<math>I_{mp}</math>)</b>	7.35A	<b>Open Dimensions (L x W x H)</b>	1180 x 615 x 10mm
<b>Open Circuit Voltage (<math>V_{oc}</math>)</b>	20.32V	<b>Weight</b>	4.5kg
<b>Short Circuit Current (<math>I_{sc}</math>)</b>	8.12A	<b>Cable and Connector</b>	MC4, 5m extension
